

Match Ups

After watching a Montessori video I decided to make my own resources. As dementia clients retain the ability to read for a long time, I use words to match with pictures.

This activity can spark conversation and reminiscing. It reminds clients of things they may not have come into contact with in a while.

- Print single sided and laminate.
- Cut the pictures out along the square lines.
- Have your client match the pictures to the words.

Spinach

Broccoli

Peas

Corn

Beans

Potatoes

Cauliflower

Brussels
Sprouts

Carrots

Strawberry

Mango

Apricot

Orange

Grapes

Kiwi Fruit
